Assembly Instruction

Thank you for purchasing this quality product. Be sure to check all packing materials carefully for small parts, which may have come loose during shipment. Identify and count all items and compare with the parts list and/or hardware list shown below. It is recommended to have two people during assembling and to remove the backs and base of the furniture out from the box.

Please follow the drawings below to assemble the item

Step 1: There is a zipper at the bottom of the console, please open the zipper to find the console back and take it out for assembly. Then open the console storage to find the hardware to assemble the console back.

Step 2: Please align and insert the metal bracket (F) on the back rest onto the metal bracket (M) of the seat. Please make sure the metal brackets (F) and (M) are inserted all the way and secured into position.

Please unzip the back of the console base and insert the bolts upward through the pre-drilled holes and align it through the holes on the bottom of the console back. Tighten each bolt by turning it counter-clockwise until the console back is secured in place.

Step 3: Please align and insert the LSF wing and RSF wing onto the back rest. Please make sure the wings are inserted all the way and secured into position.
